

# DANNY BROOKS

*My name is Danny Brooks and I would like to introduce you to my music and speaking ministry. After 20 years of alcohol and substance abuse, I was miraculously healed at the Donwood Rehabilitation Clinic in Toronto, April 1987. I surrendered my life to God, August 3, 1987 and was delivered from a sordid lifestyle. Recently, 100 Huntley Street produced an 11 minute feature on my story, interspersed with musical footage of my band "The Rockin' Revelators" while performing at New Life Pentecostal Church in Milton where my family and I attend. The footage can be viewed at [www.dannybrooksmusic.com/video5.asp](http://www.dannybrooksmusic.com/video5.asp)*

*I am as comfortable performing with my 12 piece band as I am performing with a scaled down band or even as a solo artist. The message of conflict and resolution and the power of God to save is the same and the sharing of my testimony while performing is just as impacting in either format. This year, along with the Rockin' Revelators, I will be performing once again at Lakeshore Pentecostal Camp in Coburg, at the July 1st Celebration (performed Canada Day in 2004 as well).*

*It is my hope that my book entitled "Miracles for Breakfast" will be published this year. It is equal parts biographical, inspirational, motivational and gives an inside glance at the music industry. Miracles for Breakfast covers my Christian upbringing, music, substance abuse, crime and subsequent incarceration, rehab, redemption and the incredible miracles that have taken place in my life, hence the book's title. While my ministry is performing at various music festivals and night clubs, it is equally as impacting in the Church setting. I also do community volunteering and performing within the prison systems and homeless communities, while sharing my testimony. [www.dannybrooksmusic.com/awards.asp](http://www.dannybrooksmusic.com/awards.asp)*

*My website contains many reviews from both secular and Christian writers. The link following is a review written and published by "Christian Week" [www.dannybrooksmusic.com/rthnews/christianweek.asp](http://www.dannybrooksmusic.com/rthnews/christianweek.asp)*

*I believe that no matter where you are, who you are, how far down you've gotten and what you've done, there is nothing that God and you can't work out together and get back on a winning track. It is my desire to take this message of hope, God's love and provision to as many as I can while there is still daylight.*

*If I may be of service to you or should you know of any organization, Church or outreach ministry that may be interested in my ministry, please feel free to call and I would be happy to discuss this further.*

*Have a great day and God Bless!*

*Danny Brooks*
